An Act for supplying the City of Boston with Pure Water.

Be it enacted by the Senate and House of Representatives, in General Court assembled, and by the authority of the same, as follows:

SECT. 1. The City of Boston is hereby authorized, by and through the agency of three commissioners, to be ap-

pointed in the manner hereinafter provided, to take, hold and convey to, into and through the said City, the water of Long Pond, so called, in the Towns of Natick, Wayland and Framingham, and the waters, which may flow into and from the same, and any other ponds and streams within the distance of four miles from said Long Pond, and any water rights connected therewith; and may also take and hold, by purchase or otherwise, any lands or real estate necessary for laying and maintaining aqueducts for conducting, discharging, disposing of, and distributing water, and for forming reservoirs; and may also take and hold any land on and around the margin of said Long Pond, not exceeding five rods in width, measuring from the verge of said pond, when the same shall be raised to the level of eight feet above the floor of the flume at the outlet thereof, and on and around the said other ponds and streams, so far as may be necessary for the preservation and purity of the same, for the purpose of furnishing a supply of pure water for the said City of Boston. The City of Boston shall, within sixty days from the time they shall take any lands or ponds or streams of water for the purposes of this act, file, in the office of the Registry of Deeds, for the county where they are situate, a description of the lands, ponds or streams of water so taken, as certain as is required in a common conveyance of lands, and a statement of the purpose for which taken, which said description and statement shall be signed by the said Mayor.

Sect. 2. The said City may, by and through the same agency, make and build one or more permanent aqueducts, from any of the aforesaid water sources, to, into and through the said City, and secure and maintain the same by any works suitable therefor; may connect the said water sources with each other; may erect and maintain dams to raise and retain the waters therein; may make and maintain revervoirs within and without the said City; may make and establish such public hydrants, in such places as may, from time to time, be deemed proper, and prescribe the purposes for which they may be used, and may charge or discontinue the same; may distribute the water throughout the City,

and for this purpose may lay down pipes to any house or building in said City, the owner or owners thereof having notice and not objecting thereto; may regulate the use of the said water within and without the said City, and establish the prices or rents to be paid therefor. And the said City may, for the purposes aforesaid, carry and conduct any aqueducts, or other works, by them to be made and constructed, over or under any water-course, or any street, turnpike-road, rail-road, highway, or other way, in such manner as not to obstruct or impede travel thereon; and may enter upon and dig up any such road, street or way, for the purpose of laying down pipes beneath the surface thereof, and for maintaining and repairing the same; and, in general, may do any other acts and things necessary, or convenient and proper, for the purposes of this act.

Sect. 3. Three commissioners shall be appointed by the City Council, who shall, during their continuance in office, execute and perform, and superintend and direct, the execution and performance of all the works, matters and things mentioned in the preceding sections which are not otherwise specially provided for in this act: they shall be subject to such ordinances, rules and regulations, in the execution of their said trust, as the City Council may, from time to time, ordain and establish, not inconsistent with the provisions of this act and the laws of this Commonwealth; they shall respectively hold their said offices for the term of three years next after their said appointment, unless the aqueducts and works aforesaid shall be sooner completed; but they, or either of them, after having had an opportunity to be heard in his or their defence, may be removed at any time, by a concurrent vote of two thirds of each branch of the City Council; and in case of a vacancy in the board of commissioners, by death, resignation, or removal, such vacancy shall be filled by the appointment of another commissioner, in manner aforesaid, who shall hold his said office for the residue of the said term of three years, with all the powers and subject to all the restrictions aforesaid. A major part of said commissioners shall be a quorum for the exercise of the powers and the performance of the duties of

the said office: they shall, once in every six months, and whenever required by the City Council, make and present in writing, a particular report and statement of all their acts and proceedings, and of the condition and progress of the works aforesaid.

SECT. 4. Before the appointment of the commissioners aforesaid, the City Council shall establish and fix the salaries, or compensation, to be paid to the commissioners for their services; and the said salaries of the said commissioners, so established and fixed as aforesaid, shall not be reduced during their continuance, respectively in said office.

SECT. 5. Whenever the said office of commissioners shall cease, either by the expiration of the said term of three years from the original appointment, or by the completion of the aqueducts and works mentioned in the preceding sections of this act, all the rights, powers and authority, given to the City of Boston by this act, shall be exercised by the said City, subject to all the duties, liabilities and restrictions herein contained, in such manner, and by such agents, officers and servants, as the City Council shall, from time to time, ordain, appoint, and direct.

SECT. 6. The said City of Boston shall be liable to pay all damages that shall be sustained by any persons in their property, by the taking of any land, water, or water rights, or by the constructing of any aqueducts, reservoirs, or other works, for the purposes of this act. And if the owner of any land, water, or water rights, which shall be taken as aforesaid, or other person who shall sustain damage as aforesaid, shall not agree upon the damages to be paid therefor, he may apply, by petition, for the assessment of his damages, at any time within three years from the taking of the said land, water or water rights, as aforesaid, and not afterwards, to the Court of Common Pleas, in the county in which the same are situate; such petition may be filed in the clerk's office of said court, in vacation or in term time, and the clerk shall thereupon issue a summons to the City of Boston, returnable, if issued in vacation, to the then next term of the said court, and if in term time, returnable

on such day as the said court shall order, to appear and answer to the said petition; the said summons shall be served fourteen days, at least, before the return day thereof, by leaving a copy thereof, and of the said petition, certified by the officer who shall serve the same, with the Mayor or Clerk of the said City; and the said court may, upon default or hearing of the said City, appoint three judicious and disinterested freeholders of this Commonwealth, who shall, after reasonable notice to the parties, assess the damages, if any, which such petitioner may have sustained as aforesaid, and the award of the said freeholders, or of the major part of them, being returned into and accepted by the said court, shall be final, and judgment shall be rendered and execution issued thereon for the prevailing party, with costs, unless one of the said parties shall claim a trial by jury, as hereinafter provided.

SECT. 7. If either of the parties mentioned in the preceding section, shall be dissatisfied, with the amount of damages awarded as therein expressed, such party may, at the term at which such award was accepted, or the next term thereafter, claim in writing, a trial in said court, and have a jury to hear and determine, at the bar of said court, all questions of fact relating to such damages, and to assess the amount thereof; and the verdict of such jury being accepted and recorded by the said court, shall be final and conclusive, and judgment shall be rendered and execution issued thereon; and cost shall be recovered by the said parties respectively, in the same manner as is provided by law, in regard to proceedings relating to the laying out of highways.

SECT. 8. No application shall be made to the court, for the assessment of damages for the taking of any water rights, until the water shall be actually withdrawn or diverted by the said City under the authority of this act; and any person or corporation, whose water rights may be thus taken and affected, may make his application aforesaid, at any time within three years from the time when the waters shall be first actually withdrawn or diverted as aforesaid.

SECT. 9. For the purpose of defraying all the costs and expenses of such lands, estates, waters and water rights, as shall be taken, purchased or held, for the purposes mentioned in this act, and of constructing all aqueducts and works necessary and proper, for the accomplishment of the said purposes, and all expenses incident thereto, the City Council shall have authority to issue, from time to time, notes, scrip, or certificates of debt, to be denominated, on the face thereof, "BOSTON WATER SCRIP" to an amount not exceeding in the whole, the sum of three millions of dollars, bearing interest at a rate not exceeding the legal rate of interest in this Commonwealth; and said interest shall be payable semi-annually, and the principal shall be payable at periods not more than forty years from the issuing of the said scrip, notes, or certificates respectively. And the said City Council may sell the same, or any part thereof, from time to time, at public or private sale, or pledge the same for money borrowed for the purposes aforesaid, on such terms and conditions as the said City Council shall judge proper.

SECT. 10. In addition to the sum of three millions of dollars mentioned in the preceding section, the said City Council may, whenever and so far as may be necessary, issue and dispose of notes, scrip, or certificates of debt, in the manner prescribed in the preceding section, to meet all payments of interest which may accrue upon any scrip by them issued; *provided, however*, that no scrip shall be issued for the payment of interest as aforesaid, after the expiration of two years from the completion of said aqueducts and other works; but payment of all interest that shall accrue after that time, shall be made from the net income, rents, and receipts for the use of the water, if they shall be sufficient for that purpose; and if not, then the payment of the deficiency shall be otherwise provided for by the City Council. All notes, scrip, and certificates of debt to be issued as aforesaid, shall be signed by the Treasurer and Auditor, and countersigned by the Mayor of the said City, and a record of all such notes, scrip, and certifi-

cates shall be made and kept by the said Treasurer and Auditor respectively.

SECT. 11. The City Council shall, from time to time, regulate the price or rents for the use of the water, with a view to the payment, from the net income, rents, and receipts therefor, not only of the semi-annual interest, but ultimately of the principal also of the "Boston Water Scrip," so far as the same may be practicable and reasonable. And the said net surplus income, rents and receipts, after deducting all expenses and charges of distribution, shall be set apart as a sinking fund, and shall be appropriated for and towards the payment of the principal and interest of the said scrip; and shall, under the management control, and direction of the Mayor, Treasurer, and Auditor of the City, or the major part of them for the time being, who shall be Trustees of the said fund, be applied solely to the use and purpose aforesaid, until the said scrip shall be fully paid and discharged. And the said Trustees shall, whenever thereto required by the City Council, render a just, true, and full account to the said City Council, of all their receipts, payments, and doings under the provisions of this section.

SECT. 12. At any time after the expiration of two years, from the completion of the works mentioned in the second section of this act, and before the reimbursement of the principal of the "Boston Water Scrip" herein before mentioned, if the surplus income and receipts for the use of the water distributed under the provisions of this act, at the price established by the City Council, after deducting all expenses and charges of distribution, shall, for any two successive years, be insufficient to pay the accruing interest on the said scrip, then the Supreme Judicial Court, on the petition of one hundred or more of the legal voters of the said City, praying that the said price may be raised and increased so far as may be necessary for the purpose of paying, from the said surplus income and receipts, the said accruing interest, and upon due notice of the pendency of such petition given to the said City in such manner as the

said court shall order, may appoint three commissioners, who, upon due notice to the parties interested, may raise and increase the said price, if they shall judge proper, so far as may be necessary, in their judgment, for the purpose aforesaid, and no farther. And the award of said commissioners, or the major part of them, being returned to the said court, at the then next term thereof for the county of Suffolk, and accepted by the said court, shall be binding and conclusive, for the term of three years next after the said acceptance, and until the price so fixed by the commissioners shall, after the expiration of said term, be changed or altered by the City Council.

SECT. 13. If the surplus income and receipts for the use of the water, distributed under the provisions of this act, at the price established by the City Council, after deducting all expenses and charges of distribution, shall, for any two successive years be more than sufficient to pay the accruing interest on the "Boston Water Scrip" herein before mentioned, then the Supreme Judicial Court, on the petition of one hundred or more of the legal voters of the said City, who may deem the said price unreasonably high, and pray for a reduction thereof; and upon due notice of the pendency of said petition given to the said City in such manner as the said court shall order, may appoint three commissioners, who, upon due notice to the parties interested, may, if they shall judge proper, reduce the price established by the City Council; *provided*, that such reduction shall not be so great that the surplus income and receipts aforesaid, will, in the judgment of the said commissioners, be thereafter insufficient for the payment of the said accruing interest. And the award of the said commissioners, or the major part of them, being returned and accepted as mentioned in the preceding section, shall be binding and conclusive, in the same manner, and to the same extent, as therein provided in regard to awards made pursuant to the provisions of that section.

And the said court may, at their discretion, order the costs on such petitions as are mentioned in this and the

preceding section, and of the proceedings thereon, or any part thereof, to be paid by either of the said parties, and may enter judgment and issue execution therefor accordingly.

SECT. 14. The occupant of any tenement shall be liable for the payment of the price or rent for the use of the water in such tenement; and the owner thereof shall be also liable, if, on being notified of such use, he does not object thereto; and if any person or persons shall use any of the said water, either within or without the City, without the consent of the City, an action of trespass on the case may be maintained against him or them, by the said City, for the recovery of damages therefor: *provided, however*, that this act shall not be so construed as to prevent the inhabitants of Natick, Framingham, Sherburne, and Wayland, from using so much of the water hereby granted as shall be necessary for extinguishing fires and for all ordinary household purposes, under such regulations of the said City Council as may be essential for the preservation of the purity of the same.

SECT. 15. If any person or persons shall wantonly or maliciously divert the water, or any part thereof, of any of the ponds, streams, or water sources, which shall be taken by the City pursuant to the provisions of this act, or shall corrupt the same or render it impure, or destroy or injure any dam, aqueduct, pipe, conduit, hydrant, machinery or other property, held, owned or used by the said City, by the authority and for the purposes of this act; every such person or persons shall forfeit and pay, to the said City, three times the amount of the damages that shall be assessed therefor, to be recovered by any proper action. And every such person or persons may, moreover, on indictment and conviction of either of the wanton and malicious acts aforesaid, be punished by fine, not exceeding one thousand dollars, and imprisonment not exceeding one year.

SECT. 16. The said City of Boston is hereby authorized to purchase and hold all the property, estates, rights and privileges of the Aqueduct Corporation, incorporated by an

act passed February 27th, in the year one thousand seven hundred and ninety five, and by any convenient mode may connect the same with their other works.

SECT. 17. The Mayor and Aldermen of the City of Boston shall notify and warn the legal voters of the said City, to meet in their respective wards, on such day as the said Mayor and Aldermen shall direct, not exceeding thirty days from and after the passing of this act, for the purpose of giving their written votes upon the question, whether they will accept the same; and if a majority of the votes so given upon the question aforesaid, shall be in the negative, this act shall be null and void.

SECT. 18. This act shall take effect from and after its passage. [*Approved by the Governor, March* 30, 1846.]

Be it enacted by the Senate and House of Representatives, in General Court assembled, and by the authority of the same, as follows:

SECT. 1. No vessel which shall cast anchor in the harbor of Boston, between India Wharf and Gray's Wharf, shall anchor within five hundred feet of the line described in the second section of an act entitled "An Act to preserve the harbor of Boston, and to prevent encroachments therein," passed on the nineteenth day of April, in the year one thousand eight hundred and thirty-seven; and no vessel which shall cast anchor between the easterly side of Lamson's Wharf and the easterly side of Tuttle's Wharf, at East Boston, shall anchor within five hundred feet of the line described in the fifth section of "An Act concerning the harbor of Boston," passed the seventeenth day of March, in the year one thousand eight hundred and forty, unless for the purpose of hauling in as soon as practicable, to some wharf in said harbor, or unless compelled to do so by reason of stress of weather, or unavoidable casualty; and, for every offence against either of the foregoing provisions, after having been notified thereof by the harbor-master, who may be appointed as herein after mentioned, or by any party aggrieved, the master, commander, or owners of such vessel, shall be subject to the penalty not exceeding twenty-five dollars.

SECT. 2. The master, commander, or owners of every vessel, shall, as soon as practicable after having hauled to the end of any wharf that extends to the channel in said harbor, cause her lower yards to be cockbilled, and her jib-boom to be rigged in, so that the said jib-boom may not annoy any other vessel or vessels going in or out of the adjoining docks; and the lower yards and jib-boom shall be kept so arranged while such vessel lies at the end of the

wharf as aforesaid, and until she is preparing immediately to leave her berth; and for every offence against any of the provisions in this section, the master, commander or owners, or either of them, of such vessel, shall be subject to a penalty not exceeding ten dollars.

SECT. 3. No person shall throw or deposit in said harbor, or any part thereof, any stones, gravel, ballast, cinders, ashes, dirt, mud, or other substances, which may, in any respect, tend to injure the navigation thereof; and whoever shall offend against the provisions of this section shall be subject to a penalty not exceeding fifty dollars.

SECT. 4. No warp or line shall be passed across the mouth of any slip, for the purpose of hauling a vessel by said slip, before the vessel shall be within one hundred feet of said slip, if the owners or occupants thereof object, unless the harbor-master, who may be appointed as hereinafter mentioned, shall have decided it to be necessary: and for every offence against this provision, the master, commander, or owners of such vessel shall be subjected to a penalty not exceeding five dollars.

SECT. 5. The City Council of the City of Boston may, if they shall deem it expedient, annually appoint, by concurrent ballot in each board, a harbor-master for the port of Boston, who shall hold his office for one year, and until another shall be appointed in his place, or until he shall be removed by said City Council; and before entering upon his office, he shall give bond to the said City, with sufficient sureties, to the satisfaction of the Mayor and Aldermen, in the penal sum of two thousand dollars, conditioned for the faithful discharge of the duties of said office; and in case of the sickness or disability of the said harbor-master, he may appoint a deputy, subject to the approval of said Mayor and Aldermen, to perform his duties during such sickness or disability; and said harbor-master shall be allowed and paid quarterly out of the City Treasury, such salary for his services as said City Council shall, from time to time, establish.

SECT. 6. It shall be the duty of the said harbor-master to enforce the execution of the several provisions of this

act, and of all other laws of the Commonwealth relating, in any way, to said harbor; and to prosecute all violations of such laws and ordinances, and to take all lawful measures to prevent the doing of any act by which the flow of the tides, or the force, direction, or depth of the current into, out of, or through the said harbor may, in any degree, be injuriously affected. And said harbor-master shall also have authority so to regulate the anchorage of vessels that, as far as may be practicable, ferry-boats may pass unobstructed, and the channel shall be kept clear from the wharves to Castle Island.

SECT. 7. All said several penalties may be recovered by complaint before the Police Court of the City of Boston, or by indictment, for the use of the said City.

An Act concerning Lines in Boston Harbor.

Be it enacted by the Senate and House of Representatives, in General Court assembled, and by the authority of the same, as follows:

SECT. 1. The lines hereinafter described, are hereby established as lines of the channel of the harbor of Boston, beyond which no wharf or pier shall ever hereafter be extended into and over the tide-water of the Commonwealth.

SECT. 2. The *first* line is drawn from the southerly end of the island built by the Boston and Maine Rail-road Company, between the channels of Charles River and Miller's River, to the southerly corner of the northwesterly abutment of Canal (or Cragie's) Bridge. The *second* line is drawn straight from the face of the said abutment of Canal Bridge, through a point on the northerly side of West Boston Bridge, two thousand feet from the easterly side of the draw in said bridge, to a point two thousand feet northerly from the harbor line heretofore established on the northerly side of the Boston and Roxbury Mill Dam. The *next* line is drawn from this last point westerly, parallel to said Mill Dam, and two thousand feet from said harbor line, to the northern shore of Charles River near its mouth.

SECT. 3. The *fourth* line is in Miller's River, and is drawn from the south corner of the aforesaid Boston and Maine Rail-road Company's island northerly, along the westerly side of the same, and thence in the same straight line to the northerly side of the old channel. The *fifth* line is drawn from the point where the fourth line meets the northerly side of the said channel, northwesterly, northerly and northeasterly, along the sea-wall recently built by the Charlestown Branch Rail-road Company, to the westerly projection of the State Prison Yard. The *sixth* line is parallel to the fourth line, and two hundred feet westerly. It extends from the channel of Charles River to the south

side of the channel of Miller's River. The *seventh* line is drawn from the north end of the sixth, as just decribed, to a point on the north side of Prison Point Bridge, five hundred feet westerly of the centre line of the Boston and Maine Rail-road. The *eighth* line is drawn from the northern extremity of the seventh to a point opposite the west end of the Fitchburg Rail-road Bridge, and distant from the same three hundred feet. The *ninth* line is drawn from the last mentioned point to the northerly corner of the southeasterly abutment of the Boston and Lowell Rail-road Bridge over Miller's River.

SECT. 4. The *tenth* line is in South Bay, and is drawn from a point on the south side of the South Free Bridge, (one hundred and fifty feet southeasterly of the southeasterly side of the draw,) in a southerly direction, parallel to the Dorchester turnpike, three thousand feet. The *eleventh* line is on the westerly side of the channel, and is drawn from the southerly corner of Miller and Nason's wharf, southerly in a direction at right angles with the South Bridge, across the same, to a point twelve hundred and fifty feet distant therefrom. The *twelfth* line is drawn from the last mentioned point to the westerly side of the artificial channel of Roxbury Creek, one thousand feet southeasterly from Harrison Avenue, opposite the South Burying-ground.

The said lines, thus described, are the lines reported by commissioners under the Resolve passed the twenty-second day of March, in the year one thousand eight hundred and forty five, "authorizing the survey of South Bay, Charles and Mystic Rivers," and by said commissioners drawn and defined on plans by them taken and deposited in the library of the Commonwealth.

SECT. 5. No wharf, pier, building, or incumbrance of any kind, shall hereafter be extended beyond the said lines or either of them, into or over the tide water in said harbor; nor shall any wharf or pier, which is now erected on the inner side of either of said lines, be extended farther towards the said line, than such wharf or pier now stands, or than the same might have been lawfully enlarged or ex-

tended before the passing of this act, without leave being first obtained from the Legislature.

SECT. 6. Every person offending against the provisions of this act shall be deemed guilty of a misdemeanor, and shall be liable to be prosecuted therefor, by indictment or information, in any court of competent jurisdiction; and on conviction, shall be punished by a fine not less than one thousand dollars, nor more than five thousand dollars, for every offence; and any erection or obstruction which shall be made contrary to the provisions and intent of this act, shall be liable to be removed and abated as a public nuisance, in the manner heretofore provided for the removal and abatement of nuisances on the public highway.

SECT. 7. This act shall take effect from and after its passage. [*Approved April* 26, 1847.]

And the City Council of any City may annex penalties, for the violation of any such rules and orders, not exceeding twenty dollars in any one instance; which penalties may be recovered, for the use of the City, by complaint before the Police Court of such City, or any Justice of the Peace in a City where no Police Court is established: *provided*, that no such rule or order shall take effect, or go into operation, until the same shall have been published at least sixty days, in some newspaper printed in such City, or the county within which such City is included. COMMON COUNCIL.

William Bowes Bradford, Ward 3, elected 1822, did not qualify himself, declining to be sworn, there being then no provision for affirmation, except for Quakers.

Lucius Manlius Sargent, Ward 6, elected for 1827, declined.

Henry D. Gray and Isaac Harris, Ward 1; Eleazer Howard, Ward 2, and Joseph H. Thayer, Ward 9, (now 8,) elected for 1828, also Holmes Hinckley, Ward 11, for 1845, declined prior to the organization.

The Junior of Francis Brinley, Ward 10, omitted 1838.

Washington P. Gragg, Ward 4, spelt Gregg since 1836.

There have been four successfully contested elections.

The first, Feb. 22, 1830, vacated the seat of a member from Ward 6, on the ground that "closing the poll before the hour at which the voters were notified it would be closed, was a violation of the rights of the voters."

The second, May 7, 1835, vacated the seats of the members of Ward 3, who were returned as having been elected at an adjourned meeting, Dec. 11, 1834, on the ground of irregular proceeding to render the whole number of votes certain by taking the highest number of votes for candidates on each opposing ticket; adjournment of the meeting by the sole authority of the Warden, and other irregularities at the annual election, December 8.

The third case, March 7, 1839, vacated the seats of three members of Ward 12, on the ground that a number of illegal voters, sufficient to effect the choice, voted at the polls.

The fourth, Feb. 9, 1843, vacated the seats of three members from Ward 1, returned as elected at the adjourned meeting, Dec. 14, on the ground that four votes for non-resident candidates, (*after having been first thrown out by the Ward officers,) were counted at the annual election, December 12, thereby preventing the choice of two other candidates, who, by excluding the said four votes, were by the decision of the Council, declared elected, leaving one vacancy.

The election of Mayor for 1845, was more warmly contested than on any former year. There were not less than eight several ballotings by the citizens. At the eighth trial, on the 21st of February, Thomas A. Davis was elected.

In the meantime, from January to February 27, 1845, William Parker, one of the Aldermen, having been elected Chairman of the Board of Aldermen, performed the duties of Mayor.

On the 6th of October, Thomas A. Davis, being in declining health, resigned the office of Mayor, which resignation, however, was not accepted by the City Council, and on the 22d of November he died, being the first Mayor who has died, while in office, since the organization of the City Government in 1822.

* This fact was admitted though not stated in the report of the Committee.

On the 11th of December, Josiah Quincy, Jr. was elected Mayor, by the City Council, for the unexpired term of 1845.

Benson Leavitt, one of the Board of Aldermen, acted as Chairman of the Board in the interval between the death of Mr. Davis and the election of Mr. Quincy.

In 1844, the office of City Attorney was abolished.
